Workers wear
sun protection

Electrocution
hazard

Tools should
be attached
to personal

Software Architecture:

- Heavy testing
- Low level
(c++, rust, c).
- Heat resistant
(efficient).
- No buffer overflows
- No integer overflows
- No segmentation
faults
- Memory state
consistent and stable
upon ~~boot~~
reboot

Potential for power
outage

Traffic Control Setup.
To be put in
place for installation?
- Visibility vests
- Road cones
- Council consent

Icy read could
cause slippage.
- Set up in day or
afternoon.
